

# **TUNA E HOE ANA 2022 FINAL PANUI**

First of all, a big thank you to all our paddling whanau at all the clubs coming to Lake Rotoiti on 11th-12th February. For the team skippers and club organisers it has been a hard job getting crews together in such uncertain times. We have respectfully listened to views and opinions from a wide range of people and it has not been an easy decision to go ahead with Tuna e Hoe Ana.

The weekend will be very different to previous editions of the race but we hope we can still provide an enjoyable time of racing and friendship (even though it is slightly more distanced than normal). The information that follows is not designed to be comprehensive but will give you some idea as to how you will need to help us follow the rules of the Covid Protection Framework while at the lake. We will keep you informed during the event of how to negotiate the new processes.

# OVERVIEW

**Tuna e Hoe Ana is a My Vaccine Pass (MVP) event. This means that all entrants, including non paddlers attending the dinner, will need to have their Vaccine Pass sighted and/or verified. You will also need to scan in or sign in to the event using numerous QR codes and sign in sheets.**

**Mask wearing is necessary at all times when you are not paddling, eating or drinking.**

To keep the event within the 100 limit within each defined area, registration for each race and the races themselves will be treated as separate events with staggered start times. Please do not try to register for your event until the scheduled time.

The race area and registration area will be marked by cones or tape and we ask that you do not enter these areas until it is time for your race.

We will set up individual areas for each club to erect tents so that you have your own bubbled space.

Please be aware that although we are marking these areas, the race is taking place in a National Park and we cannot restrict public access. We ask that you are respectful of the right of members of the public to access the lake. We will be encouraging them to also be respectful of our bubbles.

The dinner will be held at Rotoiti Hall, in three separate defined areas. If the weather is unkind then area C - which is outside - will be transferred to Red Deer Lodge.

One very important reminder : dogs are not allowed in the National Park, even in cars. We have been warned by DOC that any paddlers or accompanying spectators found to have dogs with them may result in future permissions for the race to be held at the lake being refused.

That's the bare bones of it, here's some details :

## EVENT ITINERARY

### FRIDAY 11TH FEBRUARY

3:00pm onwards      **Registrations for W1, W2 and SUP races & Volunteers – all competitors must register and pick up race numbers.**

1.45pm	Race briefing
2.00pm	Race start

**DINNER**

5.30pm	Dinner, Lake Rotoiti Community Hall, Main Road St Arnaud village - BYO beverages – no bar!
--------	--

# MVP CHECKS & REGISTRATION

Having your Vaccine Pass checked is the first step in registration. Please come as a crew and have your passes checked. Dinner guests will also need to be checked and can come with their crew. You must also scan in or sign in using one of the QR codes or manual sheets.

You will be issued with an event wristband which you will need to wear through the event and dinner. **You will need to come through MVP check for each race you have entered**, though if you already have a wristband you will just be asked to show that.

Once your crew is MVP checked the team skipper can go to registration to sign the waiver and pick up race information.

# RACE & CLUB AREA

The defined race area will be on the beach where the waka are parked. It will be marked by cones and/or tape. You should only enter this area if you are registered for the current race. All registered crew members can be in this area i.e if you are doing the sprint but not the 5km you may assist with preparations or watch the race from there.

Once the races for that division are finished we will clear the area of all paddlers, wipe down the canoes with disinfectant and get ready for the next division.

Areas will be marked for each club on the bank behind the race area. When possible we ask that you stick to these areas within your club bubbles and wear masks.

# PRIZEGIVINGS

Prizegiving for each division will take place as soon as results have been collated. The ceremony will be announced and will take place in the race area when it is clear of other paddlers.

# DINNER

The event dinner will be held at Rotoiti Hall at 5.30pm. There are three separate dining areas with separate entrance/exit routes.

There are separate tables for each club and meals will be on the table in food boxes on arrival. There will be one Maitahi OCC crew at least in each area to host our guests. If we have wet or cold weather then area C will be transferred to nearby Red Deer Lodge.
